Education

KIET Group of Institutions — Ghaziabad, UP
B.Tech – Computer Science Engineering | CGPA: 7.8/10 — 2024 – 2028

S.P. College Hilsa, Nalanda — Nalanda, Bihar
Class XII – BSEB | Score: 82.2 — 2023

Golden Well Public School — Nalanda, Bihar
Class X – CBSE | Score: 89.2 — 2021

Positions of Responsibility

Technical Team Member Blood Portal Coordinator — Dec 2025 – Present
UDDESHHYA NGO — Ghaziabad, Uttar Pradesh

- Managed the Blood Donation Portal, coordinated donor registrations, and streamlined blood camp logistics.
- Enhanced uddeshhya.in by implementing new features and updates, driving a 70
- Contributed to 10+ digital campaigns, including Deepotsav, increasing volunteer participation by 60

Projects

ResumeForge AI – Individual Project | Java, Spring Boot, Spring AI, React.js, PostgreSQL, JWT, REST APIs
2026

- Developed an AI-powered resume optimization platform that analyzes job descriptions and resumes, identifies ATS-relevant keywords and skill gaps, and generates tailored resume content aligned with specific job requirements.
- Implemented Spring Boot REST APIs and Spring AI to extract job requirements, compare resume skills, calculate ATS compatibility, and recommend targeted improvements.
- Built a secure full-stack architecture using React.js, Spring Security, JWT authentication, and PostgreSQL to support resume upload, analysis, approval, and tailored resume generation.

Proof of Humanity Score (PoHS) – Individual Project | React.js, Solidity, Hardhat, Ethers.js, Tailwind CSS
2024

- Developed a blockchain-based dApp for decentralized user verification using AI-driven scoring and ERC-721 NFT badges.
- Engineered an AI classification system to categorize users into Gold, Silver, Bronze, and Bot profiles based on verification scores.
- Integrated Solidity smart contracts with MetaMask and Ethers.js for secure blockchain transactions and decentralized authentication.

Technical Skills

Languages: Java, C, JavaScript, Solidity, HTML5, CSS3

Backend Frameworks: Spring Boot, Spring Security, Spring AI, Spring Data JPA, Hibernate, REST APIs, JWT, Maven

Frontend: React.js, Vite, Tailwind CSS

Databases: PostgreSQL, MySQL, SQL

Blockchain: Solidity, Ethers.js, Hardhat, OpenZeppelin, MetaMask

Tools Platforms: Git, GitHub, Postman, Swagger/OpenAPI, Power BI, Tableau

Certifications

- Cisco Networking Basics – Cisco Networking Academy
- AWS Cloud Practitioner – Amazon Web Services

Extra-Curricular Activities

- Directed a Blood Donation Camp with 500+ attendees by managing logistics, volunteers, and event promotion.
- Distributed 200+ sanitary pads in underprivileged areas through menstrual hygiene awareness drives.
- Recognized for leadership in college societies and active participation in public relations and awareness campaigns.
- Member of the KIET Kabaddi Team – represented the institute at RUN (Inter-Institute Sports Fest) in multiple editions.
